TCL is the flagship financial services company of the Tata Group. TCL operates as Non-Banking Financial Company – Investment and Credit Company and offers a wide array of services and products in the financial services sector and operates across various areas of business such as commercial finance, infrastructure finance, consumer loans and wealth services. Availing factoring and other financial services from TCL improves Tata Steel's working capital efficiency, liquidity management, and cash-flow optimisation through structured financing solutions. Further, under leasing services, Tata Steel

takes assets such as IT assets, vehicles, equipment etc. on rent or lease from TCL for its business requirements. This helps Tata Steel to optimise capital expenditure, maintain operational flexibility, and access assets on a cost-effective basis. Tata Steel also sells NestIn and other products/goods to TCL to leverage its value-added construction solutions while supporting TCL's infrastructure and project requirements and other business needs. During FY2026-27, Tata Steel will be taking factoring services from TCL to cater to business requirements of its additional/new business segments. Factoring services from TCL will support enhanced business activities of the Company and hence, sales volume and prices are expected to grow by 10% compared to previous fiscal. These transactions are included in the aggregate amount of ₹15,060 crore for which approval is being sought from the Members of the Company.

The Management of the Company has provided the Audit Committee with the relevant details (as required under the Standards) about the proposed RPTs including rationale, material terms, justification as to why the proposed RPT(s) are in the interest of the Company and the basis of pricing.
